

Heritage® Hardwood Shutters

Order Form Key

Use the following key as a guide when completing the Heritage hardwood shutters order form.

Note: Items marked with an asterisk (*) require a surcharge.

1 Color

Specify color number and name. Shown below are the five classic colors. See the product sampling for a complete list of colors.

701P = Bright White 708P = Eggshell 709P = Linen
704S = Golden Oak 770S = Warm Cherry

2 Hinge Color

Specify hinge color number and name. Classic colors with which the hinge colors are recommended are shown in parentheses.

009 = White (701P) 008 = Brushed Nickel Finish
010 = Off-White (708P and 709P) 011 = Stainless Steel*
006 = Brass Finish 998 = Custom Painted Color*
007 = Antique Brass Finish (704S and 770S)
022 = Venetian Bronze 023 = Satin Black

3 Louver Size

Specify louver size: 2 1/2", 3 1/2" or 4 1/2"

4 IM or OM

Specify inside mount or outside mount.

IM = Inside Mount

Factory takes a standard framed deduction of 1/4" from width and height or a standard without frame deduction of 3/16" from width and height.

On all inside mounts, diagonal measurements must be taken. If diagonal measurements are not equal, consider making greater deductions than the standard 1/4" (framed) or 3/16" (without frame). If the diagonal measurement difference is greater than 1/2", we recommend an outside mount for that particular window opening.

OM = Outside Mount

Factory takes no deductions. Submitted size will be the finished shutter size.

When measuring the opening of a typical window for outside mounts, we recommend adding the width of the base of the frame plus 1/4", per framed side, to the largest width and height measurements. This provides a 1/4" reveal around the entire window opening.

Standard additions:

Frame Type	3-Sided Frame		4-Sided Frame	
	Width	Height	Width	Height
L1, BP, BF, BFB	3 1/4"	1 5/8"	3 1/4"	3 1/4"
L2	2 3/4"	1 3/8"	2 3/4"	2 3/4"

5 Frame Type (I) = Inside Mount, (O) = Outside Mount

The following types are priced as framed:

Z1 = Standard Z-frame (I) Z2 = Deluxe Z-frame* (I)
Z3 = Colonial Z-frame (I) Z4 = Tilt-In Z-frame (I)
L1 = Standard L-frame (I or O) L2 = Trim L-frame (I or O)
BP = Bypass track system* BF = Bi-fold track system*
BPB = Bypass track system with bottom track*
BFB = Bi-fold track system with bottom track*

(Factory takes 1/2" deduction for bottom track)

FD = French door (4-sided mitered HSB frame – OM only)
FDC = French door cut-out* (OM only)
Z/L = Standard Z-frame and standard L-frame combination
AOS/[frame type] = Arch over shutter in a continuous opening
ART-T/[frame type] = Arch top panel – traditional*
ART-S/[frame type] = Arch top panel – stepped*
ANT/[frame type] = Angle top panel*

The following types are priced as unframed:

HSS = Hang strip side-by-side HSB = Hang strip behind
WF = Without frame (panels only)
WFBP = Bypass track system without frame*
WFBF = Bi-fold track system without frame*
WFBFB = Bi-fold track system without frame, with bottom track*
WFBPB = Bypass track system without frame, with bottom track*

Note: With the exception of French doors (FD), all HS frames are based on two hang strips, left and right. On inside mounts, two light stops top and bottom are included.

6 Rough Measure

Enter rough measurements and number of panels. This will be used as a guide for price estimates and configurations until a final measure is performed by a trained installer.

7 Ordered Size

Enter width and height dimensions to the nearest 1/16".

Note: Splices will occur on stained frames and valances over 91" and on painted frames and valances over 115".

8 Number of Panels Per Opening

1 = one panel 2 = two panels 3 = three panels, etc.

9 Panel Configuration

Print the letters of the panel configuration. Examples:

Then, in the appropriately numbered box, draw the panel configuration. Include the letters of the configuration.

Note: For windows requiring unequal panel widths, see reference guide for details.

10 Frame Detail

2 = 2-sided; 3 = 3-sided (top, left, right); 4 = 4-sided

4SIL = 3-sided L-frame or Z-frame with bottom sill frame†

2CAF = 2-sided Café style

3CAF = 3-sided Café style (left, right, bottom)

4CAF = 4-sided Café style, panels part way up*

3CSIL = 2-sided Café style with bottom sill frame†

4CSIL = 3-sided Café style with bottom sill frame†

DH = Double-hung* (specify 2, 3 or 4-sided: 2DH, 3DH or 4DH)

DHHT = Double-hung with horizontal T-post* (specify 2, 3 or 4-sided: 2DHHT, 3DHHT or 4DHHT)

3D = 3-sided door which provides 5/8" floor clearance

SA = Special applications other than those listed above

† When using L-frame instead of bottom sill frame indicate with "-L".

Sill Frame is not compatible with L2.

Note: Indicate height for Café and Double-hung styles in column 14.

11 Build-Out

	FD, L2	L1, BP, BF
1 = Single build-out projection	1 3/8"	1 1/8"
2 = Double build-out projection	2 3/4"	2 1/4"
LS = Light stop (3/8" x 3/4")	3/8"	3/8"

12 Tilt Bar

F = Traditional front center tilt bar with upward closure

R = Rear tilt bar with upward closure*

SP = Split tilt bar (enter height of split)

13 Valance Type (Track Systems Only)*

S = Standard valance D = Decorative valance

14 Divider Rail/Café/Double-Hung/Split Tilt Bar Height

DR1 = First divider rail (required for panel heights over 72")

DR2 = Second divider rail (required for panel heights over 102")

Note: Enter "C" if the desired location is at the center of the panel.

For OM (outside mount): Enter measurement(s) from bottom of frame to center of divider rail(s) or top of lower double-hung or café panel.

For IM (inside mount): Enter measurement(s) from inside bottom of window or sill to center of divider rail(s) or top of lower double-hung or café panel.

15 T-Post

EQ = T-post placed to provide equally divided openings

For unequal placement: Follow normal measuring guidelines. See Reference Guide for details.

16 Magnets

All 4-sided frames come standard with pre-installed magnets.

Y = Yes, pre-install N = No, do not pre-install

17 Extension Pole* (Retractable 53" - 96")

Specify quantity: 1, 2, etc.

Lineal Materials

Grid prices include standard frames, T-posts and hardware. To order additional lineal materials, indicate quantity, color and length.
